📍 Farmington, CT

SUMMARY

- UConn Ph.D. student with strong attention to detail, experience handling large volumes of digital information, and a consistent record of reliable, accurate work.
- Experienced in organizing documents, reviewing data carefully, following established workflows, and completing tasks independently with minimal supervision.
- Comfortable supporting time-sensitive requests, coordinating with teammates, and working carefully with both digital and physical materials in academic and professional settings.
- Fluent in English and Chinese; well suited for resource-sharing, document delivery, scanning, and other library support tasks that require accuracy and dependability.

EDUCATION

University of Connecticut , Storrs, CT	<i>Aug 2024 – Present</i>
Ph.D. Student, Computer Science and Engineering	
Hefei University of Technology , China	<i>Aug 2017 – Jun 2020</i>
M.S., Electrical Engineering	
Hefei University of Technology , China	<i>Aug 2013 – Jun 2017</i>
B.S., Electrical Engineering	

RELEVANT EXPERIENCE

University of Connecticut / Research Work	<i>2024 – Present</i>
<i>Ph.D. Student and Researcher</i>	
• Read, organize, and manage a large number of academic papers, technical documents, and research materials with close attention to accuracy and completeness. • Work independently on long-term projects while coordinating with advisors and collaborators on shared research tasks and deadlines. • Regularly handle digital files, document versions, and structured information in a careful and systematic manner.	
Baidu, Inc. , Beijing, China	<i>Jul 2020 – Aug 2024</i>
<i>Senior Software Engineer</i>	
• Managed information-intensive workflows requiring precision, consistency, and careful review of large datasets, documents, and system outputs. • Followed established operational procedures for high-volume, time-sensitive work and maintained a strong record of reliability in a fast-paced team environment. • Coordinated across teams to deliver materials accurately and on time, while also completing assigned tasks independently with minimal supervision. • Earned two promotions based on strong performance, dependable execution, and sustained attention to quality.	
Institute of Computing Technology, Chinese Academy of Sciences	<i>Nov 2018 – Dec 2019</i>
<i>Research Intern</i>	
• Supported research tasks requiring careful record-keeping, repeated checking of results, and clear organization of project materials. • Contributed to academic work that resulted in a published conference paper, reflecting strong follow-through and detail-oriented work habits.	

SKILLS AND STRENGTHS

Core Strengths	Detail-oriented, dependable, organized, able to work independently, collaborative, comfortable following procedures
Digital Work	Document handling, file organization, data entry, PDF and digital material review, scanning/digitization support, email communication
Technical Tools	Microsoft Office, Google Docs/Sheets, LaTeX, Python, Linux, database and information systems
Languages	English (fluent), Chinese (native)

AWARDS AND RECOGNITION

- Predoctoral Fellowship, University of Connecticut (2025)
- Baidu Breakthrough Innovation Award (2021–2022)
- Baidu Pride Special Award (2022)
- National Scholarship, Hefei University of Technology (2018, 2019)
